Dentists  
Driving instructors  
Earthmoving and related plant operators  
Educators in educational and care institutions  
Electric arc welders  
Electrical engineers  
Electrical mechanics and electrical assemblers  
Electronic and telecommunications technicians  
Electronic assemblers  
EU project coordinators

Financial and investment advisers  
Finishing work technologists in building trades  
Floor layers  
Florists  
Food production plant and machine operators  
Foreign language teachers  
Gas welders  
Glaziers and window fitters  
Graphic and multimedia designers  
Hairdressers  
Handicraft workers in wood and joiners  
Human resources and recruitment professionals  
ICT system analysts and operators  
Insurance agents  
Invoicing clerks  
Journalists and editors  
Laundry workers  
Lawyers  
Librarians and related information professionals  
Lifting truck operators  
Managers  
Marketing and sales professionals  
Mechanical engineers  
Medical doctors  
Medical imaging and therapeutic equipment  
technicians  
Metal processing plant operators  
Metal working machine tool setters and operators  
Midwives  
MIG/MAG welders  
Nurses  
Occupational therapists  
Panel beaters  
Papermaking plant operators  
Paramedical practitioners  
Pavers  
Pharmacists  
Photographers  
Physiotherapy technicians and assistants  
Plant and machine operators and assemblers

Plasterers  
Plumbers and pipe fitters  
Postmen and package deliverers  
Printing trades workers  
Product and garment designers  
Production workers  
Protective service workers  
Psychologists and psychotherapists  
Public procurement professionals  
Public relations and advertising professionals

Visual and related artists  
Waiters and bartenders

"The Occupational Barometer" is a survey coordinated by the Labour Market and Education Observatory of Małopolska – a project of the Regional Labour Office in Kraków. The survey was done by staff of local labour offices in Małopolska in the 4th quarter of 2013. It is a forecast of the demand for labour in 2014. The situation in certain occupations may change due to unforeseeable developments.
