Programm für lebenslanges Lernen

GD Bildung und Kultur

**Bundesagentur für Arbeit**

Zentrale Auslands-  
und Fachvermittlung (ZAV)

A company in Baden-Württemberg offers motivated young people a vocational training position for

## Tool mechanic (m/f/d)

The company in Wertheim/Main is specialized in high-performance polymers for the automotive industry and medical technology.

The training lasts 3.5 years. During this time, you will work in our company and attend vocational school on a daily basis. In addition, you will attend various training courses.

Your tasks:

- Making and machining an injection mould by hammering, filing, drilling, milling and turning - all to an accuracy of a thousandth of a millimeter
- Operation of CNC-controlled machines and partly their programming
- Responsibility for dimensional accuracy, i.e. operation of measuring and testing equipment
- Application of a broad knowledge of different metals, their properties and processing possibilities

You should bring the following requirements:

- Preferably B1 level in German
- Good grades in mathematics, chemistry, technology and physics
- A secondary school leaving certificate
- Team spirit
- Fascination with plastic products, which nowadays are an integral part of our world

We offer:

- 1000€ driving licence bonus for good grades in the second year of apprenticeship
- 500-750€ final bonus for good grades after the final examination
- 3-month internship option before starting the training
- cost-free language classes to support your German skills
- furnished accommodation for your stay
- 2 paid home flights per year
- Holiday pay, Christmas bonus and profit sharing
- Company pension scheme
- Employee discounts with partner companies
- Trainee excursions and projects

The International Placement Services (ZAV) are member of the European Employment Services network EURES – We place our services at your disposal without charge!
