Drop'pin:

the place to share opportunities for young people in Europe

It is a web platform for young people to offer job and training opportunities.

Drop'pin operates on two levels:

- ☐ As a showcase to offer young people opportunities for learning and vocational training
- ☐ As a meeting place for organizations.

What is Drop'pin@EURES?

Drop'pin@EURES is the place where companies and organisations can promote and showcase their youth opportunities designed to help young Europeans take their first steps into the labour market. Opportunities on this online platform include apprenticeships, training programmes, e-learning courses, language training, mobility support, coaching and mentoring etc.

Whatever kind of opportunity you're looking for to improve your chances of finding a job in Europe, Drop'pin@EURES has something for you.

Drop'pin@EURES also facilitates matching of youth opportunities with the right young person's profile by granting access to a large number of skilled jobseekers across Europe. On the platform, employers are able to find the perfect match by browsing CVs of potential candidate online. The tool additionally allows organisations to directly and easily post youth opportunities on the portal, which can be seen by young EURES members from all over Europe.
