## Framework of entry

Info  
Non-EU nationals

## What requirements shall apply in case of a visa for medical treatments?

The visa for medical treatments allows a short or long term stay – but always fixed-ended – to foreign nationals that need to undergo medical treatments within Italian healthcare institutions.

The foreign nationals applying for a visa for medical treatments shall own:

**- medical documents including:**

- medical records issued in the Country of residence stating patients disability
- statement by the Italian public or private medical facility (private hospitals shall be accredited at the National Health Service) indicating the type of care, the date of commencement, the duration and the estimated cost of the treatment

## Framework of entry

Info  
Non-EU nationals

## What requirements shall apply in case of a visa for medical treatments?

- *medical documents including:*

- a declaration from the hospital that confirms that at least 30% of the general cost of the treatment has been paid;

## Framework of entry

Info  
Non-EU nationals

## What requirements shall apply in case of a visa for medical treatments?

- *documentation certifying in Italy the availability of sufficient financial resources* for the payment of the remaining amount of healthcare expenditure, board and lodging outside of the health facility, and for the repatriation of the patient and of any eventual accompanying person.

The visa for medical care may also be issued to the eventual accompanying person assisting the foreign patient; such accompanying person shall own a health insurance with a minimum coverage of €30,000.

## Framework of entry

Info  
Non-EU nationals

## What requirements shall apply in case of a visa for medical treatments?

In case of medical care to be provided in the framework of the humanitarian action programmes of the Regions, the visa is granted in case of a specific and individual certificate issued by the competent regional Authority, stating the existence of a suitable decision on the allocation of funds for aid programmes, indicating the coverage of the single healthcare intervention.
